

28 September 1972

MEMORANDUM FOR: Director of Central Intelligence

SUBJECT: Attached Memorandum for Dr. Kissinger
on Current Intelligence Reporting

25X1A9a

1. You will recall that when [redacted] and I discussed with you the recent survey of current intelligence reporting, you were struck by the overwhelmingly military flavor of the product and decided to seek Henry Kissinger's guidance on the matter. I am attaching a suggested memorandum, which Jack has prepared.

2. We have attempted to keep the memorandum as short as possible, without omitting sufficient background to give Kissinger a grasp of the subject. If you approve this, I would recommend you also send copies to all members of the NSCIC. I, in turn, would advise the Working Group when we meet next Tuesday.
